

Chain Poem Based On Picture.

Sun → end → day → opportunity → start → forget → leave → live → life → full

The **sun** is coming up.
It is the **end** of night.
Another **day** ahead of us.
Another **opportunity**
To **start** living again.
Forget the past
Leave everything behind
And **live** the future.
We only have one **life**.
Live it to the **full**.
